

The **SILVER OAK** Times

Education to Innovation

As we celebrate this auspicious month, our heart swells with pride for being born in Free India. We ought to remember the sacrifices made by millions of our ancestors, not long ago, for unifying the people and territory of India as one political entity and we also need to remember the sacrifices made by our brave soldiers even now to protect and preserve the territorial integrity of India. We salute all the martyrs who have made supreme sacrifice so that we live and breathe free.

In addition, this month also witnessed varied activities on the campus, making it a vibrant place for students where they participated in many activities like seminars, sessions and workshops which helped them in building their skill sets to set them contented for their future.

Together with this, Taalash- a grand technical and non-technical event, was organized at the campus. It witnessed a huge participation of students from all over Gujarat. Such events provide a learning platform to the students. Silver Oak Group of Institutes is committed to the cause.

We congratulate and wish you and your family members, a very Happy Independence Day.

Celebrating 73rd Independence Day

"If yet your blood does not rage, then it is water that flows in your veins. For what is the flush of youth, if it is not of service to the motherland."

- Chandra Shekhar Azad

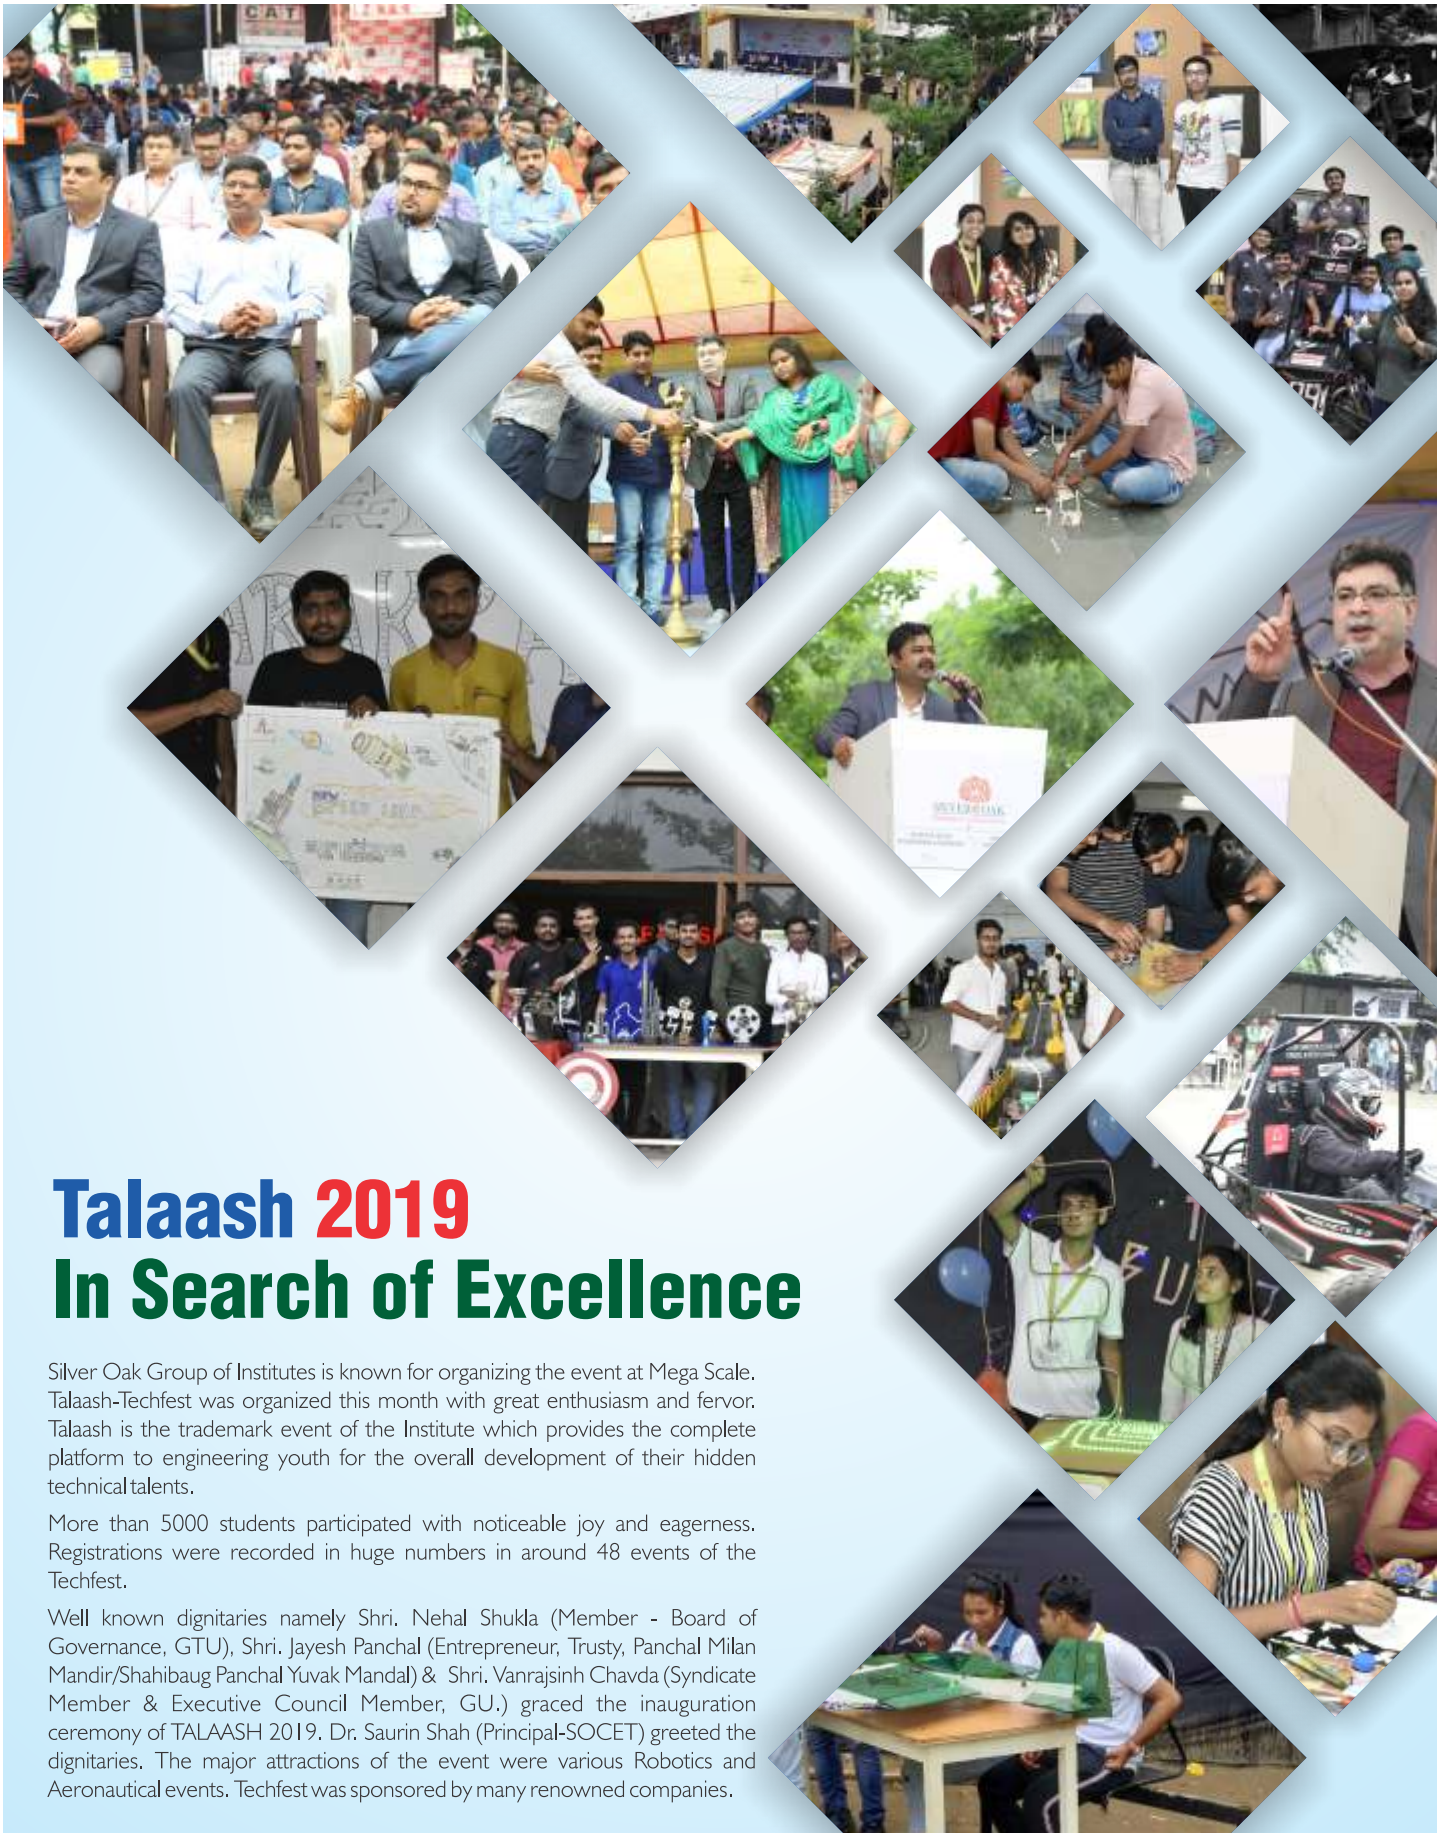

Let's salute the nation on this auspicious day. 73rd Independence Day was celebrated with great enthusiasm and fervour at Silver Oak Group of Institutes. Every student contributed towards its preparations and the celebration began with march by our NCC students. The Chief Guest for this auspicious occasion was ACP Meenakshi Bhatt. The flag hosting was done by our Chief Guest together with our Executive Director Mr. Janak Khandwala, Director Mrs. Sweta Khandwala, Principals of both the colleges Dr. Saurin Shah and Dr. Pina Bhatt. All the students and staff member saluted the flag.

An inspirational speech was delivered by our chief guest ACP Meenakshi Bhatt and Dr. Saurin Shah Sir who reminded us of our freedom fighters sacrifices. This was followed by various cultural programs organized by our faculties and students. Further, it was flourished by various dance forms.

We should not forget the sacrifices made by our soldiers for the sake of our freedom and safety.

JAI HIND

Talaash 2019 In Search of Excellence

Silver Oak Group of Institutes is known for organizing the event at Mega Scale. Talaash-Techfest was organized this month with great enthusiasm and fervor. Talaash is the trademark event of the Institute which provides the complete platform to engineering youth for the overall development of their hidden technical talents.

More than 5000 students participated with noticeable joy and eagerness. Registrations were recorded in huge numbers in around 48 events of the Techfest.

Well known dignitaries namely Shri. Nehal Shukla (Member - Board of Governance, GTU), Shri. Jayesh Panchal (Entrepreneur, Trusty, Panchal Milan Mandir/Shahibaug Panchal Yuvak Mandal) & Shri. Vanrajsinh Chavda (Syndicate Member & Executive Council Member, GU,) graced the inauguration ceremony of TALAASH 2019. Dr. Saurin Shah (Principal-SOCET) greeted the dignitaries. The major attractions of the event were various Robotics and Aeronautical events. Techfest was sponsored by many renowned companies.

Hands on Training

Industrial Visit @ Sai Sapphire

Civil Engineering Department of Silver Oak Group of Institutes organized an Industrial visit to Sai Sapphire Square, Chandkheda for its 3rd Semester students on 22 August, 2019. During the visit, students got an understanding about construction of POST TENSIONED BEAM and reinforcement analysis. They also got first-hand experience on special form work and ducting required for PT beam.

Training with Indian Navy

Giant Milestone has been reached by Silver Oak Group of Institutes for getting an opportunity to work with Indian Navy. A team from SOGI went for training at Naval Aircraft Yard (Goa) on 5th and 6th of August 2019 under the able guidance of Prof. Sathish D from Department of Aeronautical Engineering.

He is associated with Naval Aircraft Yard (Goa) towards the indigenisation of equipment belonging to Mig 29K and Kamov 28 and 31 with his team members. In the first phase, two components have been identified to be indigenised and soon they will be working with industrial partner to develop the same by doing Reverse Engineering. Once it is approved and certified, it will be supplied back in large scale to Indian Navy as per their requirement.

It's a proud moment for SOGI family, as their students have received this opportunity to work with Indian Navy. We congratulate the Department of Aeronautical Engineering for this tremendous effort and wish them success.

AutoCAD Awareness

AutoCAD Workshop

A one day workshop was conducted by Mr. Naimesh Sathia Director (SIED, Ahmedabad) on 06 August 2019 on AutoCAD 2D design for our 3rd Semester students at SOPAN Institute of Engineering & Design, Isanpur, Ahmedabad.

The genesis of this workshop was the idea that a civil engineer has to be conversant with building and town planning and their development controls, to acquire skill of preparing drawings of various types like orthographic, perspective, working drawings etc. using software application considering the requirement of 3rd Semester curriculum. Mr. Naimesh provided access to Autocad 2D to the students, where they designed a plan of a Residential building under his guidance.

Seminar on AutoCAD

Civil Department of Aditya Silver Oak Institute of Technology organized a seminar on Auto-CAD in August 2019. The aim of the seminar was to give a brief introduction about Auto-CAD, drafting software. To conduct this seminar, Mr. Arpit Patel the Auto-CAD expert was invited. The session was attended by the 3rd and 5th semester students. The seminar primarily focused on areas such as Application of Auto-CAD, Basic commands and their applications, Problem solving and Question answer session.

The students benefitted from the session.

BUILD YOUR SKILL SET!!

Expert Session

Training and Placement cell of Silver Oak Group of Institutes organized a session of TATA Power Skill Development Institute (TPSDI) for the Civil, Mechanical and Electrical students on 6 August 2019. The session was conducted by Mr. Surendra Kumar, Principal, (TPSDI, Mundra). The purpose of the session was to create awareness among the students about the skillset and practical knowledge that industries are demanding nowadays.

The session was primarily divided into two parts wherein first part highlighted current scenario regarding the corporate demands from engineers and educational institutes lacking on practical approach. The second part elaborated on objective of TPSDI to bridge the gap between academic institutes and corporate sector. The session concluded with question-answer interactions with students followed by a vote of thanks from Prof. Shukla.

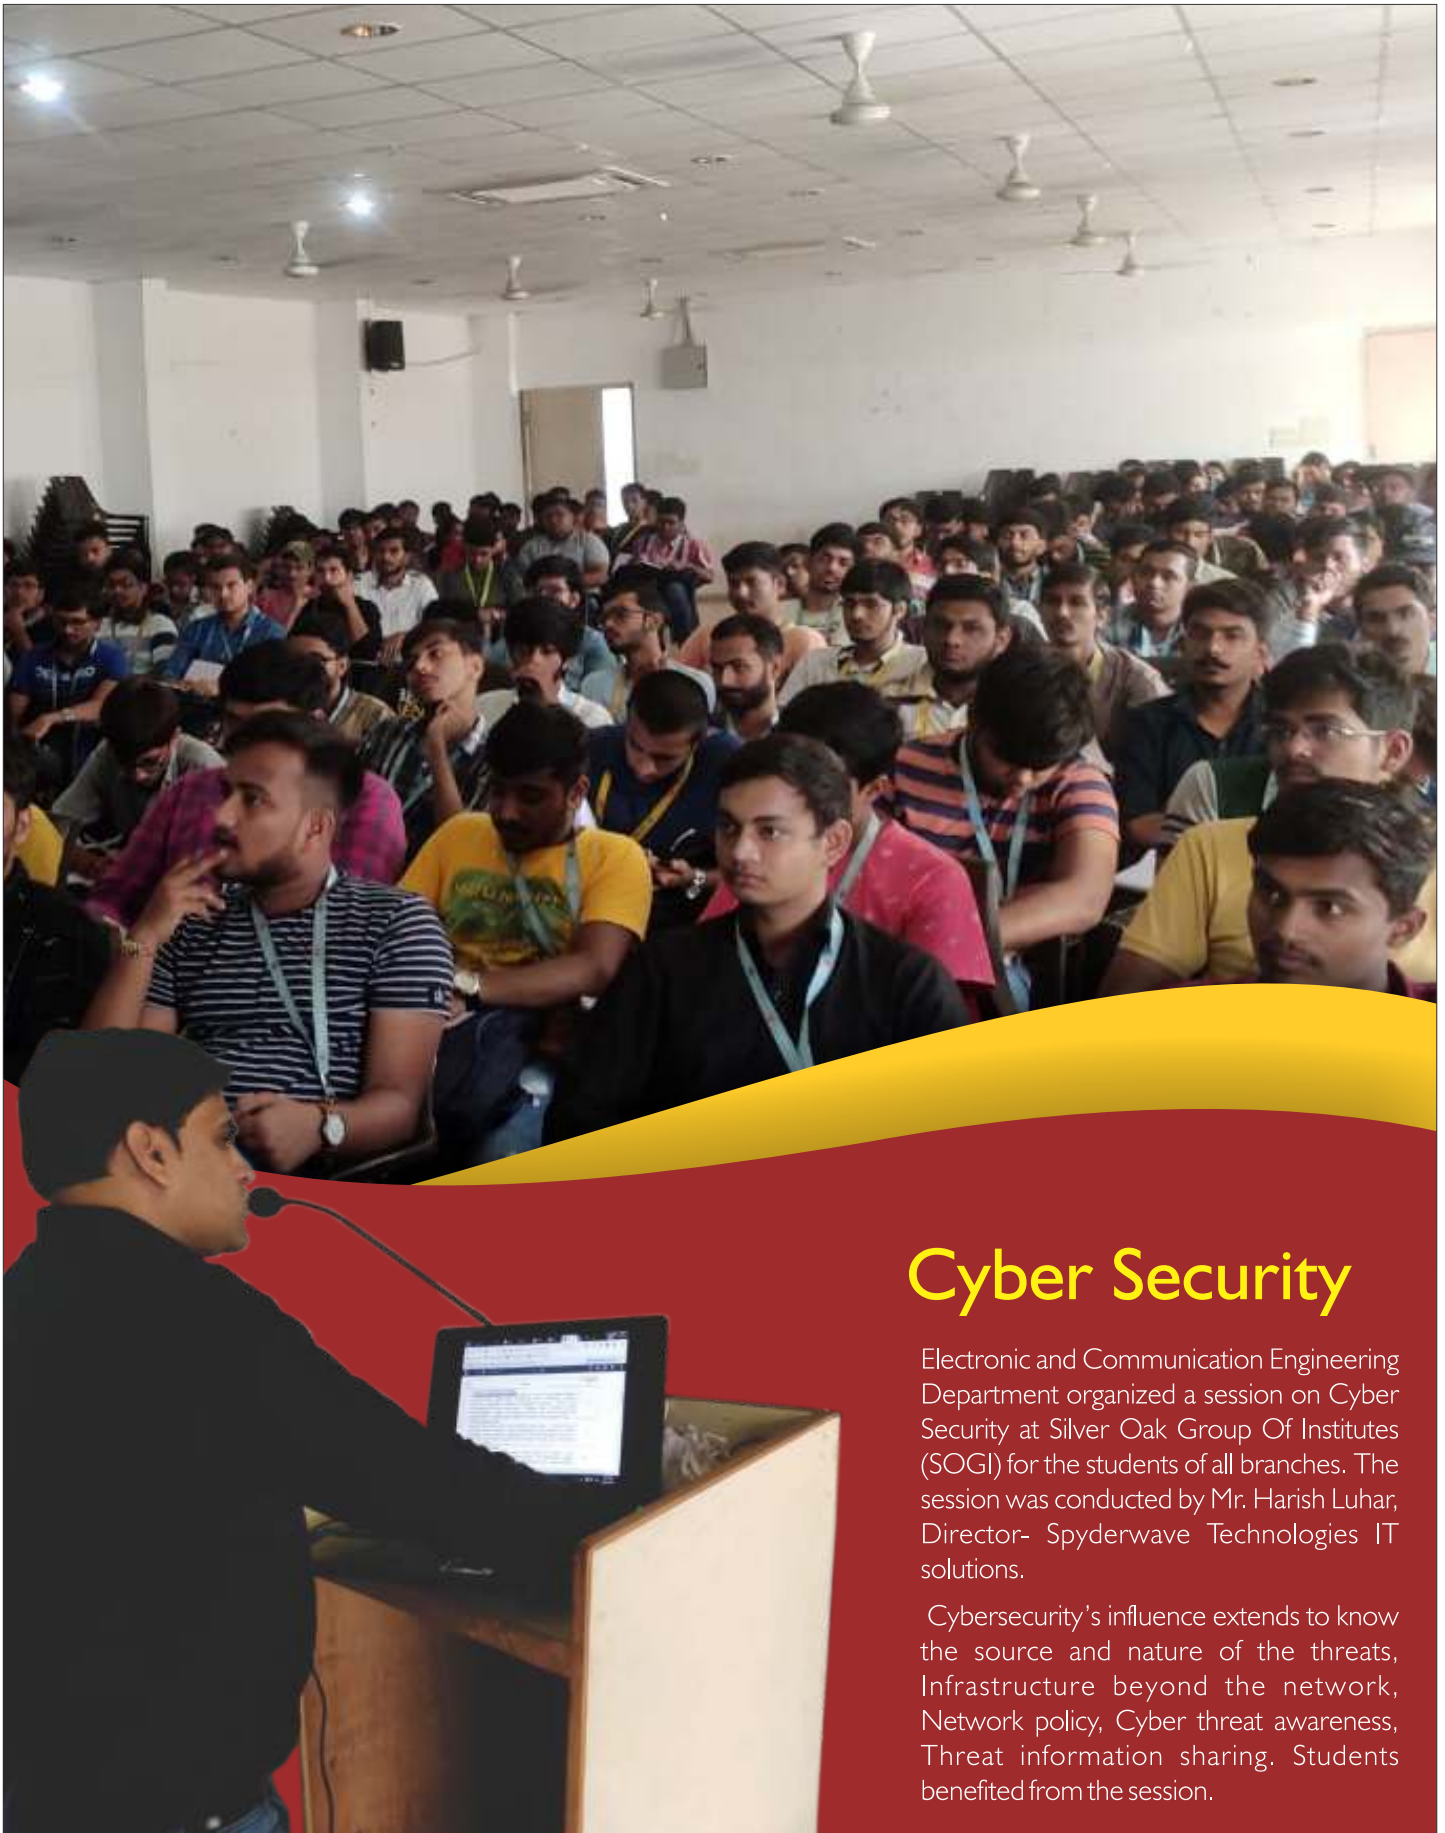

Live Streaming Session

This month we witnessed the Google Cloud OnBoard Big Data & ML Live Streaming Session organised by Computer Department, SOCET and IEEE Student Branch - SOCET. It was a half-day online training, which had been live streamed to provide a detailed view of Google Cloud Platform's data processing and machine learning capabilities. Machine Learning is the current trend in technology sector and the session was organized to understand the basics of data patterns. The leading instructors used presentations and demonstrations to teach the flexibility and power of data and machine learning tools like Cloud Dataproc, Dataflow, Machine Learning APIs, Tensorflow and BigQuery.

Cyber Security

Electronic and Communication Engineering Department organized a session on Cyber Security at Silver Oak Group Of Institutes (SOGI) for the students of all branches. The session was conducted by Mr. Harish Luhar, Director- Spyderwave Technologies IT solutions.

Cybersecurity's influence extends to know the source and nature of the threats, Infrastructure beyond the network, Network policy, Cyber threat awareness, Threat information sharing. Students benefited from the session.

360 Hackathon

Congratulations to Final & Pre-final year students of Mechanical Engineering Department of Silver Oak Group of Institutes who secured 1st place and won a cash prize and trophy in "Autodesk Fusion 360 Hackathon 2019-Gujarat" at SSIT College Bhat in August 2019. The challenge was about the mobility of vehicle like human machine interface, innovation of new nano vehicles, accident & safety feature and building sustainable infrastructure. Students beat more than 40 teams among all the engineering colleges of Gujarat .

Short Term Training Program

The objective of the software training is to deliberate about the applications of Energy Conservation in building code and green building concept implementation for all newly formed building which consume more than 100 kw of power. Through this training session all field experts and young researchers came on one platform for the exchange of ideas.

This Training aimed at eQuest, ecotech, Light Stanza, DiaLux and SketchUp software specialized training with hands-on basic and advanced level topics for ECBC. It would provide continuing Education programme for students / working professionals and Design, Develop and Deliver specialized modules for specific research areas, providing advice and support for technical incubation and entrepreneurial activities.

Creativity at its Best

Rocket Engine tested at SOGI – A Moment of Pride

Prof. Sathish. D, Rahul Parmar, Hitesh Vaishnav, Prince Chanakya, Mili Bhakta from seventh semester Aeronautical Engineering Department had tested Hybrid Rocket Engine named "Vikram Sarabhai Hybrid Rocket (VSHR-1)" indigenously developed at SOGI campus. Static trial test has been performed with thunderous sound. Let us hope, our students will work with ISRO in near future. We proudly dedicate this achievement to SOGI family for the Independence Day 2019.

Student Associate Program @ Ignite

We at IGNITE have been organizing Student Associate Program (SAP) for one year. As a part of this program, we arrange different types of informative lectures on every Tuesday of the month for one hour.

In August 2019, we organized two lectures with the participation of 15 students from all branches of engineering for SOGI on the following topics.

- Information about electronics.
- Discussion about controllers.
- Task giving.
- Information about Arduino.
- Information about Raspberry pi.
- Showing various sensors.

Capturing the moments!!

Photography Contest

The Silver Maple Club of Civil Engineering Department of Silver Oak College of Engineering and Technology (SOCET) had organized & celebrated World Photography Day on 19th August, 2019, Monday at Millenium Hall. There were few themes on which students had presented their creative perspective through their photography. Themes were Heritage/Custom/Tradition, Nature/Landscape, Hidden World, Techie & Life in Village/City. After seeing all those amazing photography, judges Asst. Prof. Nikhil Tolwani & Asst. Prof. Vishal Thakkar declared top three deserving photographs. The students attended and participated in the event with great zeal and enthusiasm.

Member students really deserve a great round of appreciation for well managed and executed event and creating the memories of a lifetime.

Winners @ Smart Manufacturing Hackathon

Students of the Department of Mechanical Engineering, Silver Oak Group of Institutes secured 1st rank in the Second Hackathon in the series entitled "Smart Manufacturing Hackathon - 2019", and were honoured with a trophy and prize money worth of Rs. 25,000/-. The event was organized by Silver Oak Group of Institutes in association with Gujarat Technological University, Autodesk, and Khodiyar CAD Center (I) Pvt. Ltd., in September 2019.

The event received an overwhelming response with around 200 participants from 30 GTU affiliated colleges across Gujarat. The competition was held in two rounds. All teams had given their presentations based on their solution to real world challenges. They were judged by the expert panel of Senior Manager from Tata Motors Pvt. Ltd., Scientific Officer from IPR, Head Engineer from PRL and Director from Energy Mission Machinery Pvt. Ltd.

At the end of 30 hours of continuous hard work, out of all participating teams in the competition, Silver Oak Group of Institutes won the prize amongst other Engineering colleges in Gujarat.

We are glad to feature in leading newspaper that our students have made innovative "Flexible Board".

Kudos to the Team!!!

Welcoming Batch 2019!!!

To welcome our newly admitted students we at Silver Oak Group of Institutes organized a Fresher's Party 2019 at the college campus. It was a DJ Dance Party with Retro and Bollywood Music being the major attraction. The students were excited about the same and enjoyed thoroughly.

SOGI's Act of Philanthropy

NSS UNIT of Silver Oak Group of Institutes took an initiative of bringing smiles on the face of the needy. NSS student volunteers distributed T-Shirt to poor children near Gota. Total 15 NSS student volunteers and NSS Program Officer Mahendrasinh Solanki distributed more than 100 T-Shirts. This gesture of kindness was welcomed by the kids and brought smiles on their faces.

Good initiative by the team!!!

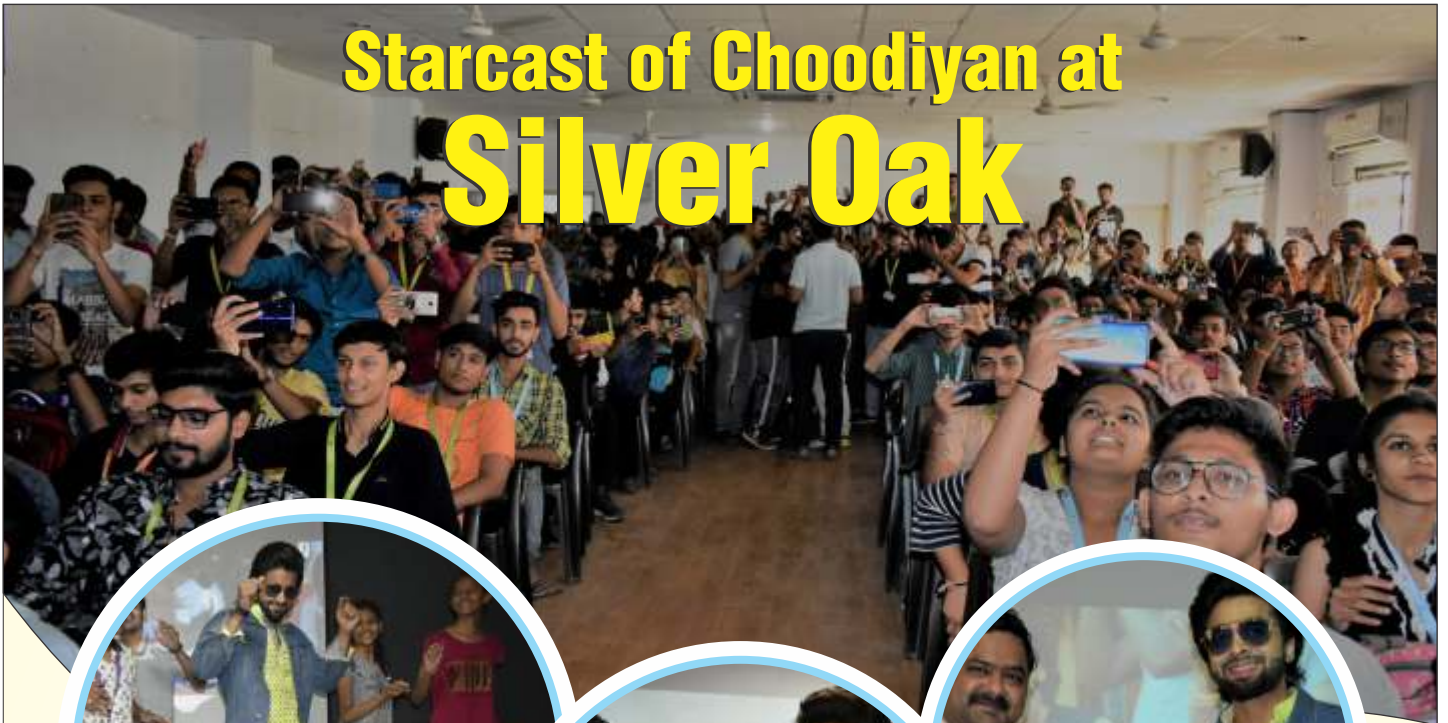

New Feat@ GTU Sports Tournament

Silver Oak Group of Institutes basketball team participated at GTU tournaments. Our Girls Basketball team has secured 3rd place at the tournament. We heartily congratulate the team on their stupendous performance!!!

Starcast of Choodiyan at **Silver Oak**

Revival Ceremony@ ISHRAE SOCET Chapter

ISHRAE SOCET chapter held the revival function for Silver Oak College Of Engineering & Technology at Millennium hall in September 2019. The event included oath taking ceremony of the Student President, Secretary, Treasurer and CWC members. Students from the Mechanical Department attended the event.

The event started with a formal introduction of the faculty members and guests. In guests we had Mr. Prashant Pathak (President elect of ISHRAE Ahmedabad Chapter) and Prof. Hardik Shukla (Professor at LD Engineering College and Student Chair of ISHRAE Ahmedabad chapter). The students took 1^o Challenge oath conducted by Prof. Hardik Shukla.

The event proceeded with a formal speech by Mr. Prashant Pathak followed by an informative speech on ISHRAE by Prof. Hardik Shukla. The ceremony concluded with a vote of thanks.

Insightful Session on Oracle Data Base Migration and Updation

A one day event on "Oracle Database Migration and Updation" was organized by SOGI Oracle Academy in association with IEEE SOCET SB. Mr. Harjul Jobanputra, Mr. Chandan Tanwani, Mr. Saumil Patel and Ms. Amarjeet Kaur were the renowned dignitaries present in the session. The session provided insights on Oracle Database Creation, Migration, Updating in Cloud and its Patching along with Automation. It was attended by 30 Corporate Cloud enthusiasts with a batch of 15 promising students having an inclination towards Oracle Database and its traits. The session was highly informative and fruitful.

IEEE SOCET Student Branch MEDHA

It's indeed a celebration time for Silver Oak University as we feel proud to have a grand success of our first batch of ML & AI course under MEDHA (Machine Learning Enhances Deep Learning with Heuristic Algorithms). Our enthusiastic participants were awarded on 16th September 2019 in presence of university management and industry experts. This MEDHA course were certified with IEEE Student Branch - SOCET, AWS community partner, SoftVan Technology and NVidia.

Interactive Session@ RHA

The Red Hat Academy (RHA), SOGI witnessed the gracious presence of Mr. Ramesh Padmanabhan (Director, Training and Certification, Red Hat), Ms. Rani Patil (Training Partner Network Segment Manager, Red Hat), Mr. Geo Joseph (Partner Sales Account Manager, Red Hat), and Mr. Nilesh Vaghela (Founder of ElectroMech Corporation). It was an opportunity for our students, and faculty members to interact with the experts.

Mr. Ramesh Padmanabhan shared his view and experience of how Red Hat is creating milestones in its journey by undertaking industry and including different dimensions within the domain of Open Source.

It was a fruitful session for our students. At the end students were awarded with goodies by the experts on Red Hat technologies questionnaires.

Eye opener session!!!

3rd day of an "Eye Opener Session" was organized for Civil, Mechanical and Electrical Engineering pre-final and final year students. In line with this, the Civil Engineering Department of Silver Oak Group of Institutes will be launching BIM - Building Information Modeling course very soon.

Awareness about Cyber Security

A session on 'Cyber Security' was organised by the Fire Thorn Club of Silver Oak Group of Institutes. FireThorn Club works to enhance knowledge of students who are interested in Cyber Security. Parth Gupta, India's youngest ethical hacker and integral member of Fire Thorn Club and one of the students of CE/IT Department of Aditya Silver Oak Institute of Technology, conducted the session. The students were acquainted about different cyber attacks taking place in the real world.

The session proved to be insightful for the students.

Adding Another Feather in its Cap!!!

Silver Oak University with its divergent thinking towards practical approach, inaugurated Royal Enfield Center of Excellence at Silver Oak campus on 5th September 2019, the only and first ever Institute all over Gujarat. Mr. Naitik, HR-Royal Enfield shared the Training/Internship advantages. He also shared that this training will help any discipline students in the field of latest technological advancements of automobile field especially with the focus on designing, quality testing, manufacturing, servicing and tool handling of bikes.

It is well known that industry ready engineers are in great demand and to cope up with corporate challenges Silver Oak will keep taking such worthy steps regularly. Such initiatives provide great opportunity for Mechanical, Automobile & Electrical Engineering students as different novice to expert level courses will be offered at Silver Oak Campus.

Acknowledging our Gurus!!!

Teachers' Day is celebrated across India on 5th September every year to honor Dr. Sarvepalli Radhakrishnan, our first Vice-President, a Teacher and a Philosopher. This day aims to value and acknowledge the contribution of all the teachers in shaping one's lives. The day was celebrated with great enthusiasm and fervour by the students of Chemical Engineering Department, Aditya Silver Oak Institute of Technology (ASOIT). The programme began with an acknowledgement note to all the beloved faculties. The students regaled the audiences with their various performances be it Narration, Quiz competition and Debate sessions. Both the faculties as well as the students thoroughly enjoyed the celebrations.

Silver Oak Rocks

Team Eagle Eye

The collegiate team of Silver Oak University for Multirotors, 'Team Eagle Eye' participated in Multirotor Event named, 'Drone Movers' at 'ALL INDIA NIT STUDENT CONFERENCE' where students had to fly Multirotor with carrying payload and had to fly for maximum recorded time. The team secured 1st Rank among 21 registered teams.

Xitij 2019

Government Polytechnic, Ahmedabad organized three days Youth Festival Dito 2019 in September in which up to 20 colleges participated. Dr. Chintan Vaghela (General Department), Prof. Reecha Panchal (Civil Department) and Dr. Roopal Gajjar were the main Coordinators of the Youth Festival Xitij 2019. The students of SOGI won various competitions in different categories at Xitij 2019. Our teams secured 1st rank in Classical Vocal Solo, 1st rank in Classical Instrumental Solo, 1st rank in Collage, 2nd rank in Clay Modelling, 2nd rank in SKIT, 2nd rank in One Act Play, the winning teams will participate in Inter-Zonal Competition to be held at Rajkot.

Way to go Team!!!

Successful participation@ Vishwa Karma Yojana Project

It is indeed a proud moment for the Civil Engineering Department of Silver Oak College Of Engineering & Technology & for entire SOGI to announce that it participated in important and prestigious project of Vishwakarma Yojana by the Government of Gujarat under Gujarat Technological University for the year 2019-2020 for the second consecutive time.

Section of Vishwakarma Yojana Project had organized the "Orientation" program in August 2019 for the students and Nodal Officers of Degree / Diploma (Civil / Electrical) to give the details of the scope of work guidelines of the Techno-Economic Survey and other necessary details of the project.

Prof Parth Danani of Civil Engineering Department who is Nodal Officer for this project addressed the gathering on this occasion at GTU.

IOT Workshop

Department of Electronics and Communication Engineering, Silver Oak College Of Engineering & Technology arranged an expert talk on "Internet of Things" for their students on 14th September, 2019. The session was conducted by eminent speaker Prof. D. R. Luhar, Director- SIGMA Trainers & Kits. Sir is a M.Tech Engineer (Communication) as well as renowned Professor in the world since last 38 years. The workshop proved very much useful for the students. It motivated them to consistently upgrade themselves with the latest innovations and also get involved in research projects.

Celebrating Our Prime Minister's Birthday

Silver Oak Group of Institutes celebrated the birthday of our honorable & beloved Prime Minister Shri Narendra Modi Ji by successfully organizing an Elocution Contest titled 'Voice of the Youth' with the theme "Paradise Lost and Found - Article 370 & 35(A)".

The Event was graced and presided over by such eminent personalities as Mr. Sureshbhai Patel, (Secretary, Jammu Kashmir Study Centre Gujarat Chapter. He is also associated with Moksh Yog Studio) and Mr. Dewang J. Acharya (Member-Jammu Kashmir Study Centre - All India Committee, Secretary - Sahiya Sadhna, Mahanagar Prachar Pramukh - RSS, Core Team Member - Innovative Thought Forum & a Consultant by profession).

The event witnessed active participation by our young, enthusiastic and dynamic students. The top three participants were awarded prizes. It was an enriching and insightful experience not only for the participants but also for the audience.

Professional Training @ Royal Enfield Centre of Excellence

Silver Oak University has established state of the art Royal Enfield "Center of Excellence" in collaboration with Royal Enfield (Eicher Group of Company) to train students of Degree/Diploma/IT in the field of Mechanical Automobile Electrical Engineering. During the course of 6 days, students will learn complete overhauling of engines, assembly and disassembly of engines, transmission systems, electrical systems, etc. Students will be awarded a certificate after successful completion of the program.

In the month of September the batch of pioneer students successfully completed the certified training. This batch of 20 students underwent an intensive 1-week advanced learning program and hands-on professional training in diverse areas of the automobile. The completion ceremony was held at Royal Enfield training centre and students were given certificates by Dr Saurin Shah (Principal, SO CET), Dr Pina Bhatt (Principal, ASOIT), Head of the Mechanical Department of both the Institutes and Training and Placement officer Mr Nipen Shukla. Institute takes pride in opening such a useful and practical centre for students.

Training and Placement Cell started T&P activities for 2020 batch graduating students and in the month of August and September 60+ companies including Byju's, Zeus Learning, TCS, Infosys, Tech Mahindra, Capgemini, Tata Auto Component, etc. offered jobs to our students. So far 200 students got Internship + Placement opportunities in various companies. Highest Package of 10 LPA has been offered to a student of ASOIT by Byju's. Jaro Education also organised pool campus drive and offered package of 12 LPA to the students and have shortlisted 8 students for final interaction.

Students Acolades

Aniket Patel A star in Making

Aniket Patel from 3rd Sem CE branch won the Bronze Medal in the U-18 Singles event in “ 1st Asian Juniors Soft Tennis Championship 2019” from 26th August – 31st August 2019 at Colegio San Agustin Bulacan, Philippines. Approx 300 players and total 13 Countries like India, Nepal, Mongolia, DPR Korea, China, Chines Taipei, Korea, Indonesia, Cambodia, Japan, Thailand, Malasia and Philipines had participated for this championship.

Ashesh Shah: Gold Medalist

A student of 2019 batch from Chemical Engineering Department, Ashesh Shah, was honored by UDCT Alumni Association (Ahmedabad chapter) and received gold medal for excellent academic performance. The felicitation program was organized on 3rd August, 2019 at Hotel Comfort Inn. He achieved the following ranks:

- (i) Topper of the college (1st rank)
- (ii) Topper of the batch (1st rank)
- (iii) 2nd ranker in the university (GTU) in Chemical Engineering Branch (2000+ students)
- (iv) 5th ranker in GTU amongst all engineering branches (60000+ students)

We would like to congratulate him on behalf of Silver Oak Group of Institutes. He has definitely become a source of inspiration for his juniors. We wish him all the best for a bright career.

Devang Mehta IT Awards

The Government of Gujarat decided to honour the son of soil late Shri Dewang Mehta by Institutionalizing an IT award for the Degree Engineering students of Gujarat. The GR was issued on 26th June 2001 constituting and formalizing Shri Dewang Mehta IT award. The ultimate aim of the meet is to create a talent pool of engineers belonging to Gujarat and showcase the prospective meritorious students to the industry, to assess the skill gaps and support the talented students of this region. In the month of August, 19 students from Computer Engineering and Information Technology Department from 3rd, 5th and 7th semester were awarded by Devang Mehta IT awards for their excellence.
