

The **SILVER** **OAK** Times

Education to Innovation

This time of the year is full of vigour, excitement and enthusiasm. The festivities are round the corner. The atmosphere is full of energy, masti and dhamaal.

We, at Silver Oak believe in the maxim, 'All work and no play makes Jack a dull boy'. Hence we not only focus on rigorous academics all the year round, but also celebrate and enjoy life by encouraging and organizing events to rejoice different festivals of India as one Silver Oak Family. This month we had double celebrations; one being the festival of lights Diwali and the other the most celebrated festival of Gujarat 'Garba' at Silver Oak. Both events witnessed huge participation and enjoyment by our faculties and students.

Such celebrations help us revive our energies and start afresh.

Celebrations Galore@ SOGI!!!

Diwali Celebrations!!!

Silver Oak Group of Institutes had organized Rangoli Competition for Staff members. The theme of the competition was "Clean India and Reduction of Carbon Footprint". The event was sponsored by CHASE GLOBAL INDIA INC. Special thanks to Mr. Kedar Bhai Sawrikar and his wife Amrita Sawrikar ma'am for gracing the event by their presence and for boosting the enthusiasm of faculties with exciting 9 prizes. The purpose of this Rangoli competition was to ignite the innovative mind besides creating awareness regarding global issues.

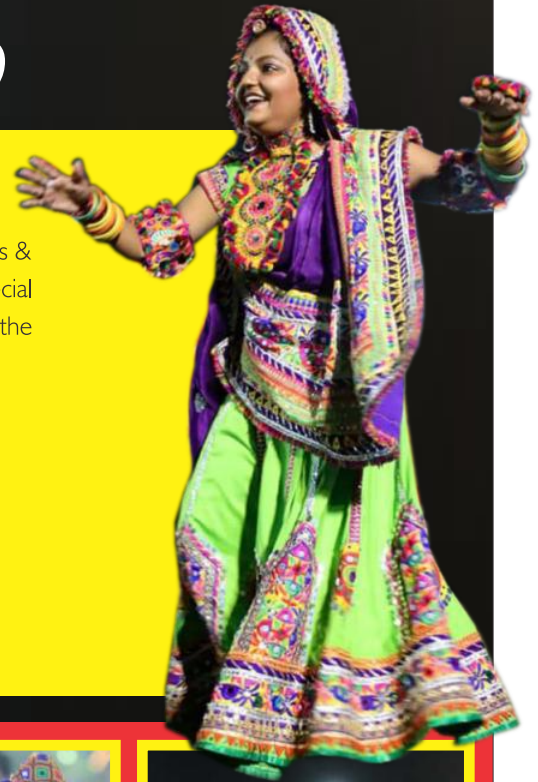

The day was fun-filled and the faculties thoroughly enjoyed the event.

Raas Rasiya 2019

Ahmedabad's Silver Oak Group of Institutes organised Raas Rasiya on 05th October 2019 at Shantam Farm which got overwhelming response and more than 8000 students & parents took advantage of this event and played Garba in front of Maa Amba. Invited Special Guests enjoyed the whole program. Prizes were distributed over 20 different categories at the end of event. Following chief guests graced the event.

1. Smt. Anju Sharma, Principal Secretary, Higher & Technical Education
2. Shri Devendra Bhatnagar, Chief Editor, Divya Bhaskar
3. Swami Yogiraj Amarjyoti
4. Shri Shuhaie Shetty, Industrialist
5. Shri Girish Karia, General Manager, Central Bank of India
6. Shri Harsh Vyas, Joint Industries Commissioner

News@Royal Enfield Centre for Excellence

Successful Course Completion of Second Batch

Silver Oak Group of Institutes in its Centre of Excellence Program with Royal Enfield is gratified to announce that the second batch of the pioneer students has successfully completed the certified training. The batch of 20 students underwent an intensive 1-week advanced learning program and hands-on professional training in diverse areas of the automobile. The completion ceremony was held at Royal Enfield training centre and students were given certificates by Head of the Mechanical Department of both the Institutes and Training and Placement Officer. Institute feels proud to open such a useful and practical centre for students.

We are delighted to inform you that we have successfully completed two batches and are heading towards the third batch for training in Royal Enfield Centre. Silver Oak University feels immense pleasure to see such an overwhelming response from students to learn the on-field experience.

Students from various GTU affiliated colleges like SAL, ALPHA, Swaminarayan and many other passed out students of Silver Oak have already commenced the training at ROYAL Enfield Centre of Excellence.

Winter Internship Program

We are delighted to inform you that till now more than 100 students have successfully completed the training at Royal Enfield Centre of Excellence located in Silver Oak campus and we are now heading towards Winter Internship Program at Royal Enfield Centre of Excellence with the same enthusiasm. Silver Oak University feels immense pleasure to see such an overwhelming response from students across Gujarat to learn the on-field experience.

Students from host institute as well as from various ITI, Diploma and Degree engineering colleges like Sal College of Engineering and Technology, Alpha College of Engineering and Technology, Swaminarayan College of Engineering and Technology, Sardar Vallabhbai Patel Institute of Technology have already gone through the 6 Days hands-on professional training program at Royal Enfield Centre of Excellence in diverse areas of the automobile.

Industry Academia Collaboration

ISHRAE SOCET Chapter-Industrial Visit to SYNERGY AGRO TECH

An industrial visit at Amul Fed dairy - Gcmmf-Amul for the students of 3rd semester Mechanical engineering was organized by Silver Oak College Of Engineering & Technology. During the visit students observed and learnt how theoretical concepts are put into action, thereby aiding their practical learning. They were exposed to real working environment and shown how things are done in an organisation.

Inner Engineering

The academic world is creative and the industry has the task of commercializing ideas. Industry-academia collaboration is quite limited and We at Silver Oak Group of Institutes are always ready to accept such opportunities.

The Inner Engineering, which provides internationally benchmarked and customized insulation solutions for Acoustics, Thermal, and Fire invited innovative ideas and prototypes from academia during their inaugural ceremony. (<http://innerengineering.co.in/>). Three different project groups and ten students participated and showcased their work to professional experts that day.

Industrial Visit@ Amul fed Dairy

ISHRAE SOCET chapter held an Industrial visit to SYNERGY AGRO TECH on 16th October, where students experienced some real life application of HVAC theories. SYNERGY AGRO TECH specializes in providing expertise for dairy, ice cream, fruits & vegetable projects.

Students learnt the different equipments used in Synergy like Fruit feeder, Candy plant, Homogenizer, Continuous Ice-Cream Freezer and many more equipments related to ice-cream making machines. The visit concluded with some guidance by the company engineers.

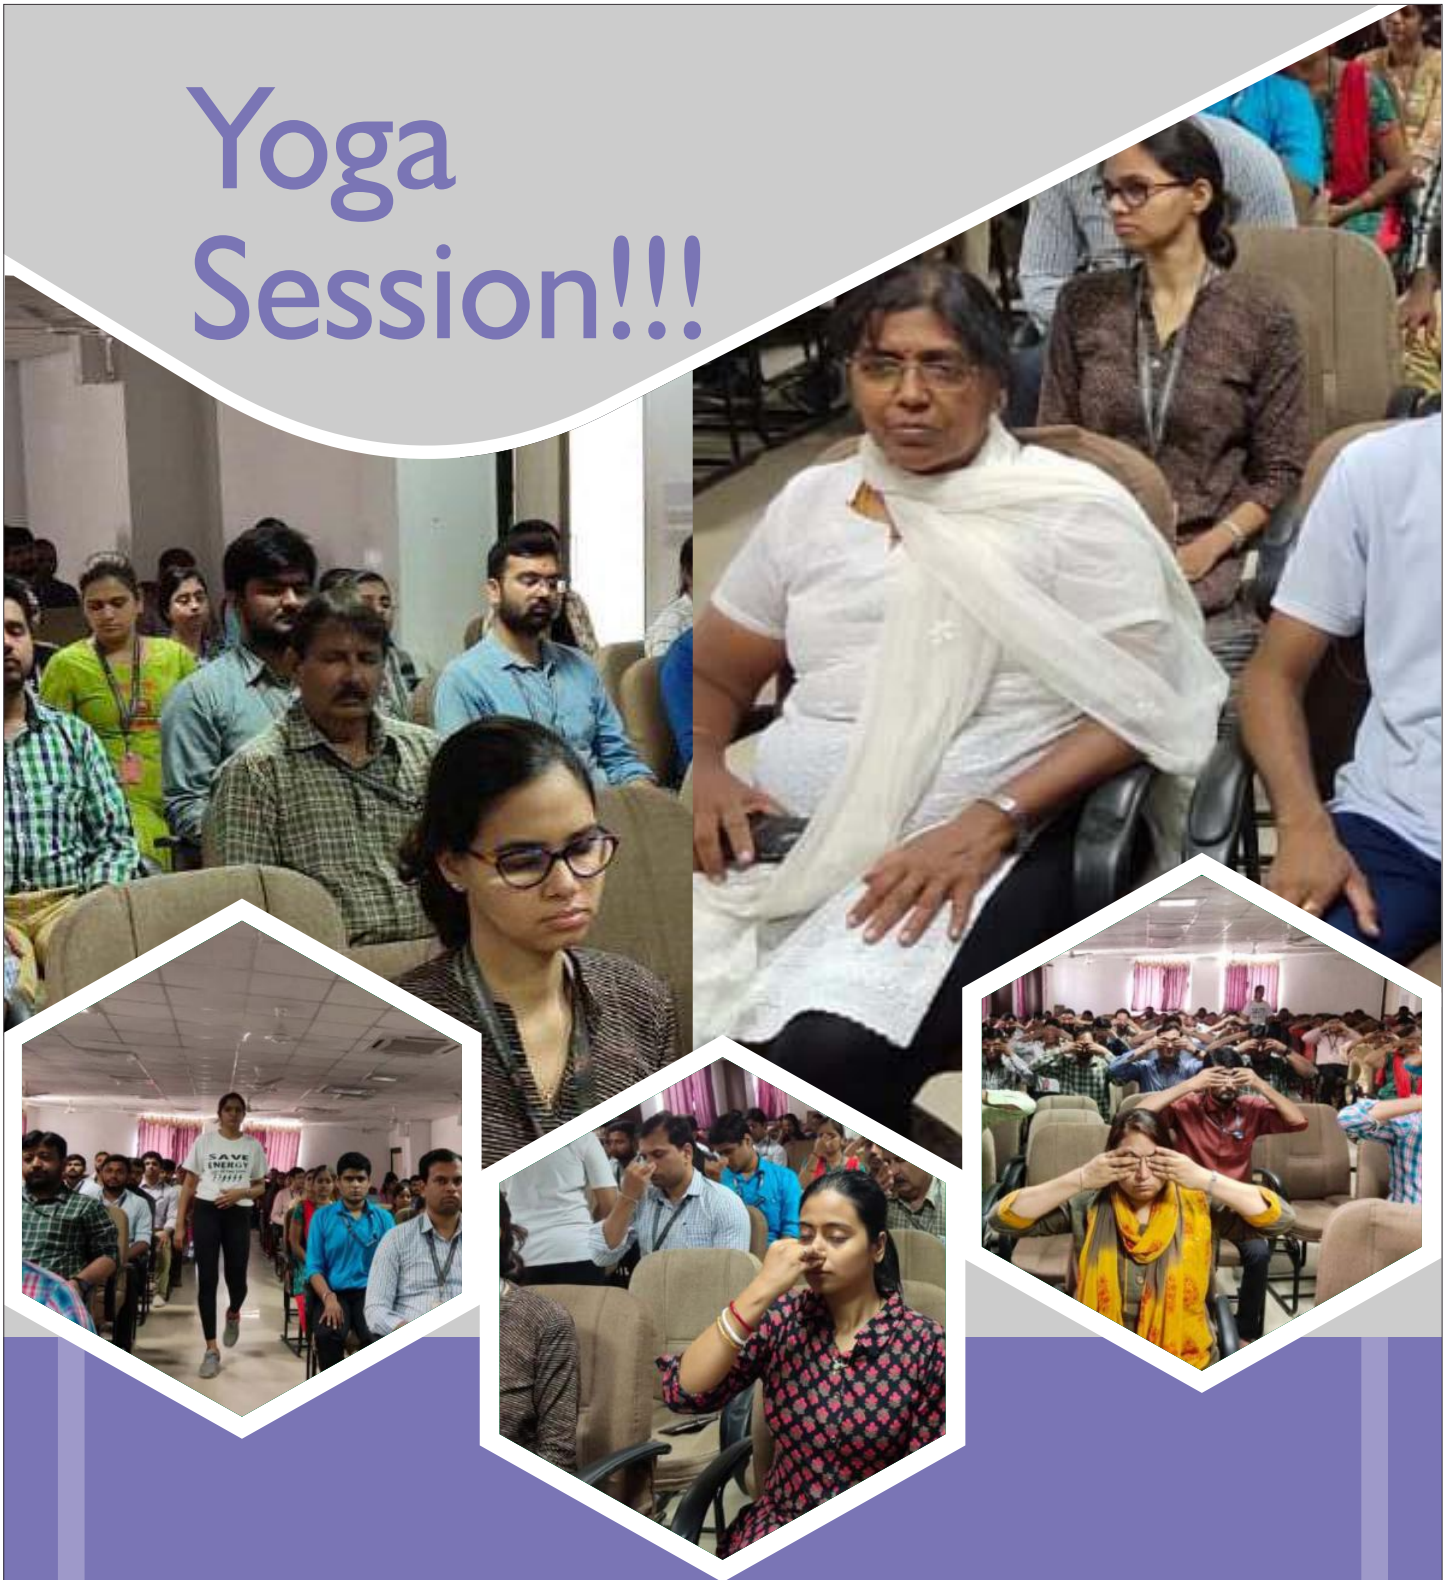

Site Visit@ Ongoing Construction at SOGI

A site visit was organized on 12th November, 2019 at ongoing construction of New Building at Silver Oak Campus. Asst. Prof. Hasumati Patel and Lecturer Amita Shah, from Civil Department had arranged the visit for 50 students of 1st semester, SOCET.

Difference between framed structure and load bearing structure was also explained at site. Students were given detailed explanation of foundation, plinth beams, slabs, beams and columns. Reinforcement details like main steel, stirrups etc were physically shown to students. Also a hands-on-session on dumpy level was executed.

The visit aimed to impart students the basic knowledge of the components of building structure.

Yoga Session!!!

'Yoga is a light, which once lit will never dim...'

A session on Yoga was conducted by Moxa Yoga Academy for all staff members at Silver Oak Campus. The session was conducted by Varshaben Saraiya and her team. During the session she explained the importance of Yoga in our daily life. The session witnessed enthusiastic participation by the audience.

PHYSICA 2019

Physics is an important part of Engineering. It is a study of energy, matter, and their interactions. It plays an important role in the future progress of humankind. Physics interconnects with many interdisciplinary fields of engineering like mechanics, optics, civil, biophysics, quantum chemistry, etc.

Under Physica, Phyiad 2019 was organised at Silver Oak campus on 11th November 2019. It is a college level Physics Olympiad. The event was coordinated by Dr. Uma Sharma, Asst. Prof. Physics, General Department. The main objective of such Olympiad is to provide a unique competitive platform to identify the young geniuses and create a talent pool for the future. It also helps students test their understanding, level of knowledge and power of reasoning. It increases the thinking capacity, problem solving skills, confidence and hence helps in an all over development of students.

About 73 students registered for the Phyiad out of which 34 cleared the first level. Further in next level all qualified students will be motivated and guided to clear National and International Physics Olympiad.

Vigilance Awareness Week Celebrations!!!

Silver Oak University and Central Bank of India jointly organized an "Elocution Competition" under the "Vigilance Awareness Week" on the topic of "Integrity - A way of life". The competition witnessed an enthusiastic crowd. The winners were awarded the prizes.

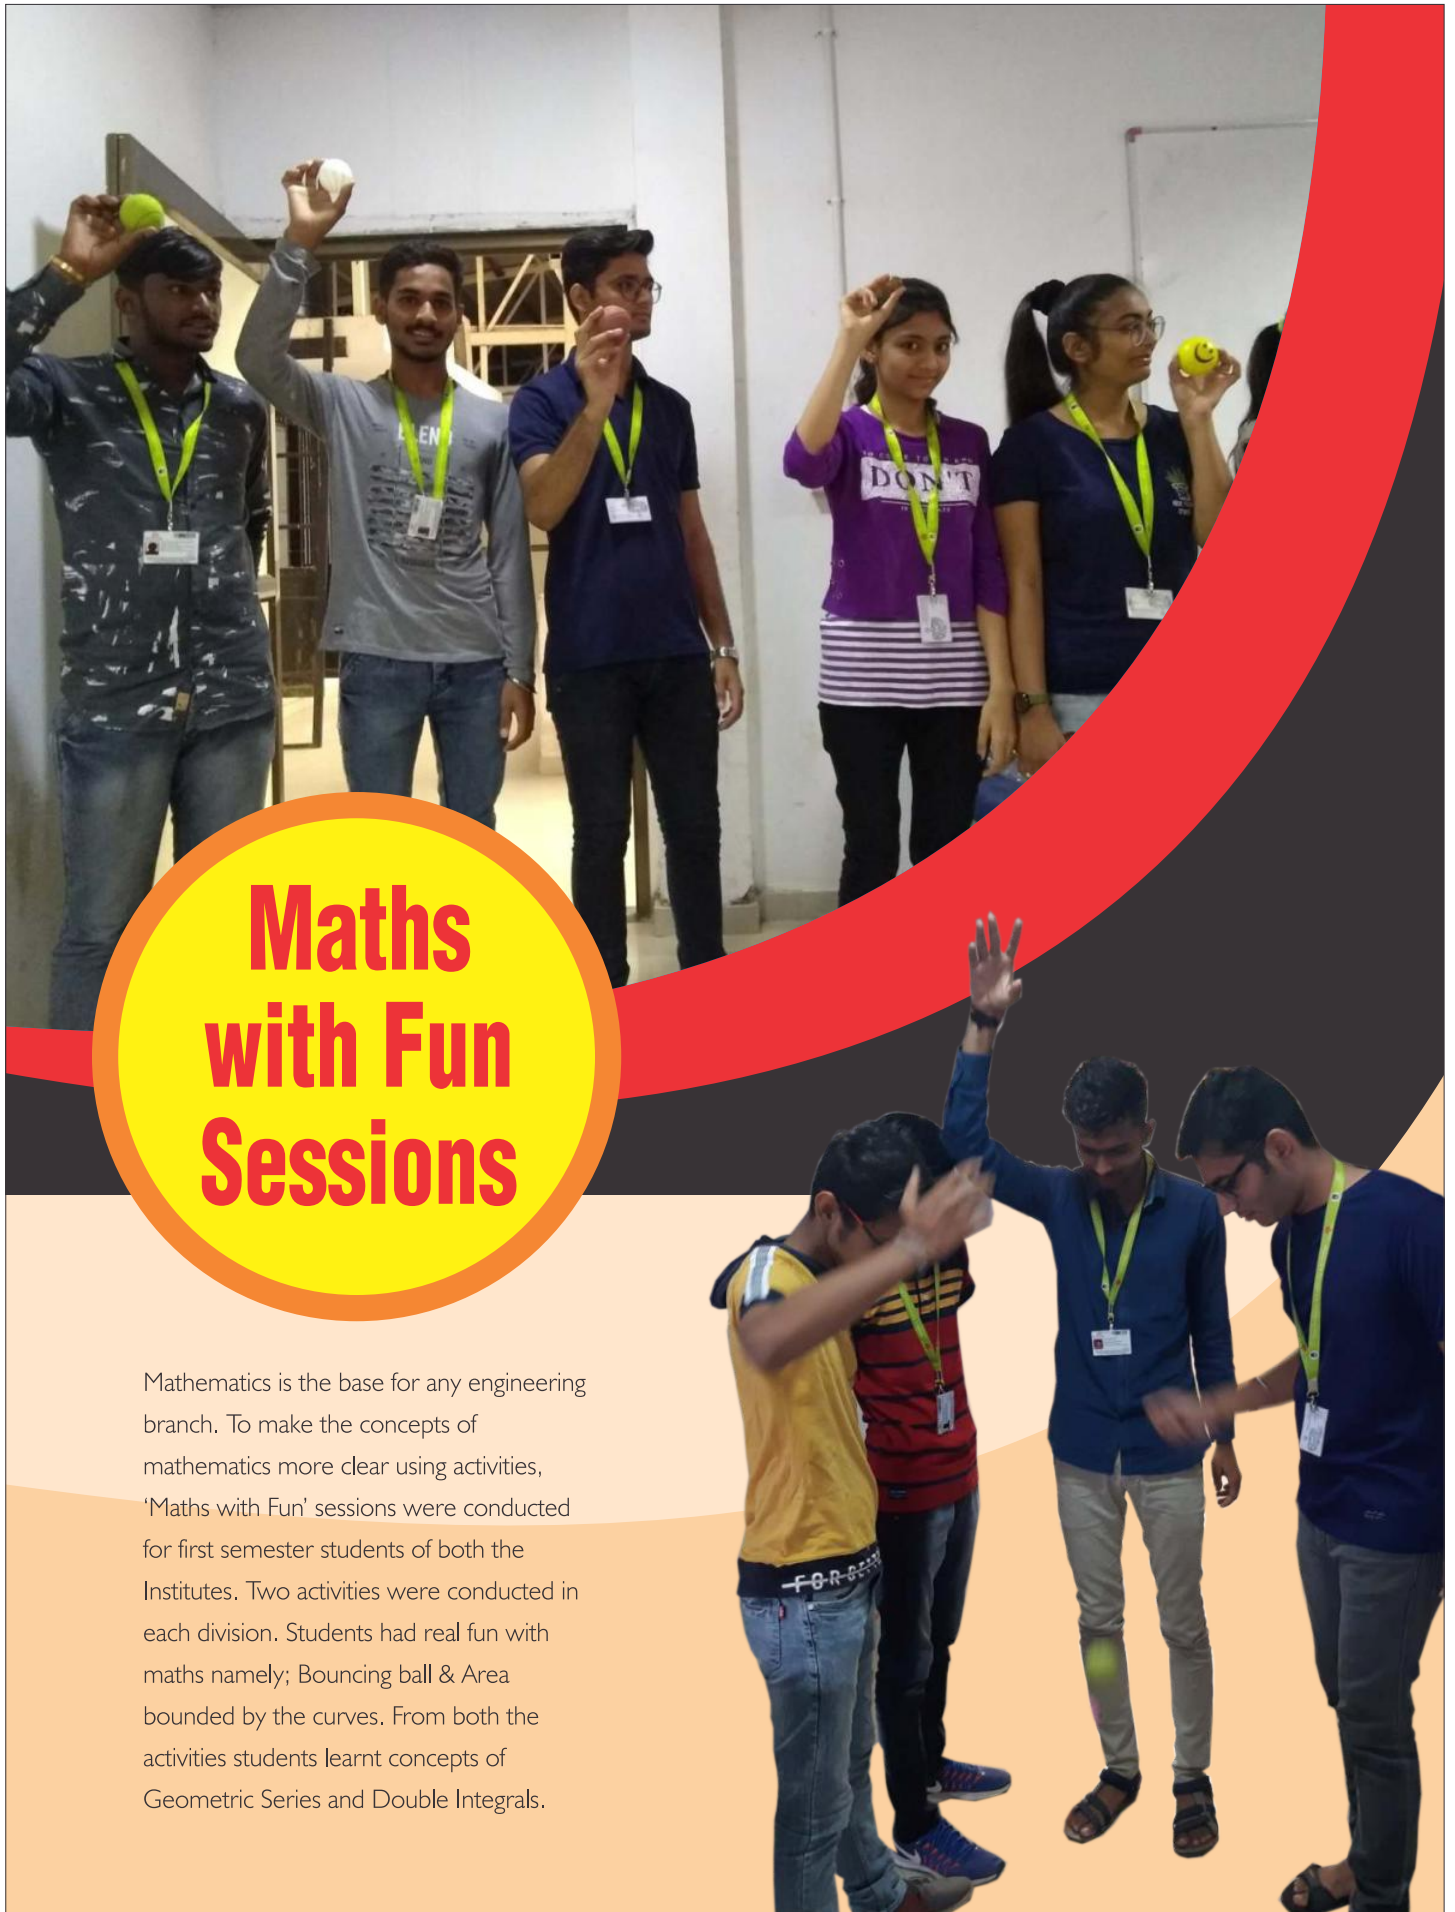

Membership Drive- IEEE Student Branch SOCET

IEEE SOCET SB is devoted to excellence in learning and developing students in many disciplines in a way that makes a difference. It aims for the betterment of the student members by helping them on their path. We have organized a membership drive for the students who are up for joining the cause. Those who are interested, we have invited them to join the membership drive to learn more about IEEE SOCET SB.

ASOIT CE/IT Department invited IEEE Student Branch - SOCET to make its presence active for ASOIT students & successfully organized the event by IEEE SOCET SB.. 83 students from CE & IT Department of Aditya Silver Oak Institute of Technology attended the IEEE student branch's session at Newton Hall on 4th October, 2019. They learnt the fundamentals and the methodology of "For the students, by the students and of the students".

Silver Oak University feels immense pleasure to see such an overwhelming response from students to join.

Maths with Fun Sessions

Mathematics is the base for any engineering branch. To make the concepts of mathematics more clear using activities, 'Maths with Fun' sessions were conducted for first semester students of both the Institutes. Two activities were conducted in each division. Students had real fun with maths namely; Bouncing ball & Area bounded by the curves. From both the activities students learnt concepts of Geometric Series and Double Integrals.

Acquainting Students!!! IAS Exam Awareness Session

A session was conducted on "Scope and Awareness for IAS Entrance Exam" on 28th November by Mr. Tufel Noorani from ARCHER' IAS Academy at Silver Oak Campus.

India as one of the fastest growing economies of the world which needs dynamic administrators to take up the reins of the nation and help the leaders to make India the Most Developed Nation. Today top bureaucrats come from varied faculties be it Humanities, Science, Medical, Engineering, etc.

The session was attended by the interested students. They found it insightful and fruitful.

IPR Awareness Program

To celebrate the 150th birth anniversary of Mahatma Gandhi, and to give him novel kind of academic tribute, GTU has planned to conduct 150 Intellectual Property (IP) awareness and advanced workshops at schools, colleges & other universities across the state of Gujarat.

Department of Aeronautical Engineering from Silver Oak College Of Engineering & Technology took up the initiative and joined in this novel activity by organizing "Awareness Program on IPR" in few schools at Ahmedabad.

Prof. Sathish. D, Mr.Rahul Parmar from 7th Semester and Mr. Het Patel from 5th Semester Aeronautical Engineering conducted an "Awareness Program on IPR" in Uma Vidhyalaya School at Nikol, & Seventh Day Adventist School, Maninagar, Ahmedabad. Eighty students from Class- XI and XII participated and got benefited from this program. We heartily congratulate the team from Aeronautical Engineering Department for their initiative.

Altruistic Initiatives@ NSS

Education Awareness Open School Program

NSS Unit of Silver Oak Group of Institutes has taken an initiative to start Education Awareness Open School Program for labour slum children who are unable to attend schools, near RC Polytechnic Municipality Garden. NSS Unit student volunteers with NSS program officers have taken initiative to teach slum children on volunteer base only.

It is just a beginning from our NSS unit. By adopting such children for a year, we have planned to start more than 10 such open schools for slum children including health, education, medical checkups, government schemes awareness session, cleanliness etc. This open school program will be coordinated by NSS Volunteers and NSS Program Officer Mahendrasinh Solanki.

Proud Moment!!! Priyank Agrawal

An Open Innovation Challenge was organized by Govt. of Gujarat during the second half of 2019 in-which a total of 25 innovations were selected out of 1000 applications.

Being an ardent innovator and a desperate entrepreneur, a final year student - Mr. Priyank Agarwal from Mechanical Engineering Department of Silver Oak College Of Engineering & Technology had applied his innovation and got selected & has been partially funded 1,50,000 Rs. for his proposal. He was awarded by Hon. Education Minister Shri. Bhupendrasinh Chudasama and IAS Officer Smt. Anju Sharma Ma'am at a Mentor Meetup held at KCG Campus, Ahmedabad. The selection process consisted of an application submission led by a round of jury panel screening.

The student is persistent to achieve his goal and aims to help others progress in the field of innovation and entrepreneurship.

Aniket Patel

Our student Aniket Patel won the Gold Medal in Singles event, Gold Medal in Doubles event and Gold Medal in "Open Age Group Soft Tennis" in State Level Tournament "Khel Mahakumbh 2019" held on 15th & 16th November at Maninagar Tennis Academy Sports, Ahmedabad.

KUDOS to you boy!!!

Faculty Accomplishment!!!

Our respected faculties, Prof. Rakesh Patel, Prof. Shripal Patel & Prof. Sachin Doshi attended two day workshop on E-Yantra at Adani Institute organized by IIT Bombay in the month of November 2019.

Placements

Activities in the month of October-November-December 2019

In the month of October, November and December 75+ companies including Royal Enfield, Ashok Leyland, Force Motors, IBM, Reliance Industries, etc. offered jobs to students and so far 700+ students got Internship + Placement opportunities in various companies. T&P Cell also organised Mock Placement Drives and Sessions on Resume Writing were arranged for the pre-final year students. Moreover T&P Cell organised state level Job Fair in which 1800+ students and 50+ companies participated through which 600+ students got Internship + Placement opportunities
